# IMPROVE SAFETY & HYGIENE

**TRADITIONAL CASTING TECHNIQUES PREVENT PATIENTS FROM WASHING THEIR HANDS THOROUGHLY WHICH CAN LEAD TO THE SPREAD OF DISEASE**

AquaCast delivers a more hygienic waterproof casting solution for patients of all ages. AquaCast® Liner rolls promote healthy skin outcomes and increased patient satisfaction. Saw Stop® DE-FLEX® cast removal protective strips allow for safer cast removal. AquaCast - the standard of care in modern casting.

## HERE'S WHY:

94% of clinicians report good to excellent skin health when using AquaCast Liner

99% of clinicians surveyed would recommend AquaCast to a colleague

86% reduction of cast saw injuries

## SCHEDULE A WATERPROOF CASTING DAY

Increase patient satisfaction, reduce unscheduled cast changes, and generate additional revenue by delivering the new standard of care in casting.
